Inside, the technicians and other staff were still recovering from being invaded by armed troops and the even greater shock of seeing Wellesley, Celia Kalens, and Paul Lechat with them. They stood uncertainly among the gleaming equipment cubicles and

consoles while the soldiers swiftly took up positions to cover the interior. Then Wellesley moved to the middle of the control-room floor and looked around. "Who is in charge here?" he demanded. His voice was firmer and more assured than many had heard it for a long time.. "What do you mean?" Lechat asked, although in the same instant he thought he knew..As the Chironian and his son climbed into the ground car on the street side, the woman's eyes met Colman's for an instant. There was no malice in them. "I know," she said through the window. "You've got a job that you have to do for a little while longer. Don't worry about it. We can use the vacation We'll be back." Colman managed the shadow of a grin. "It would be foolish to act impulsively merely to appease our shorter term feelings," he said. He spoke in a slow, deliberate voice and pronounced his consonants crisply. "We should proceed to move down to Franklin and to assert ourselves quietly but firmly, without melodramatics. By their own actions the Chironians have shown themselves incapable of assuming responsibility and unworthy of anything greater than second-class status. Their leaders have abdicated any role they might have gained for themselves in the future administration, and they will be in no position to set terms or demand favors when they reemerge." He paused, and then turned his eyes to Howard Kalens. "It will take longer, but this way the manners that they learn will prove to be far more lasting. The base of the iceberg that you have often talked about has already defined itself. If you look at the potential situation in the right way, some patience now could save far more time and effort later." .She wriggled closer and slid an arm across his chest. "Tell me about Earth. I've told you how I grew up. What was it like with you?".Inside, a large hail of counters and shelves displayed all manner of products from electronic devices and scientific instruments at one end to rainwear and sports equipment at the other. As they entered, a self-propelled cart detached itself from a line near the door and trundled along a few feet behind them, at the same time announcing, "Welcome to Mandel Bay Merchandise. He saw Jay nodding vigorously, and tossed up his hands. "Why not? :If.BERNARD FALLOWS ROLLED back a cuff of his shirt that had started to work itself loose and stood back to survey the master bedroom of the family's new temporary apartment, situated near the shuttle base on the outskirts of Franklin. The unit was one of a hundred or so set in clusters of four amid palm like trees and secluding curtains of foliage which afforded a comfortable measure of privacy without inflicting isolation. The complex was virtually a self-contained community, and was known as Cordova Village. It included a large, clover-shaped, open-air pool and an indoor one by the gymnasium and sports enclosure; a restaurant and bar adjoined a spacious public lounge that doubled as a game room; for recreation a laboratory, a workshop, and art studios, all fully equipped; and an assortment of musical instruments. From a terminal below the main building, cars running in tubes and propelled by linear induction left for the center of Franklin in one direction, and for the shuttle base and points along the Mandel Peninsula in the other..Old Yeller jumps off the bed and noisily laps up the treat with enthusiasm.
