One was in the whirligig garden and concerned a new plant that was bearing what might be fruit. They were clusters of grape-sized white balls, very hard and fairly heavy. The second discovery was made by Lucy McKillian and concerned the absence of an event that up to that time had been as regular as the full moon.."About a day," Crawford said. "You have to destroy them to get out of them. The plastic strips don't cut well, but there's another specialized animal that eats that type of plastic. It's recycled into the system. If you want to suit up, you just grab a whirlibird and hold onto its tail and throw it. It starts

spinning as it flies, and wraps the end product around you. It takes some practice, but it works. The stuff sticks to itself, but not to us. So you spin several layers, letting each one dry, then hook up an airberry, and you're inflated and insulated." I notice that the blowers have cut off. It's earlier than usual, but obviously there's enough body heat to. She shrugged, running in place while she talked to me. "Someone has to let you know when things. In the pilot's cabin, Crawford was ready to believe her. Like all flying machines since the days of the windsock and open cockpit, this one was a mad confusion of dials, switches, and lights designed to awe anyone who knew nothing about it. He sat in the copilot's chair and listened to her..have them messing things up outside..I picked up Janice at her apartment in Westwood early Saturday morning. She was waiting for me and came striding out to the car all tugs and healthy golden flesh. She was wearing white shorts, sneakers, and that damned Dallas Cowboys jersey. It was authentic. The name and number on it were quite well-known?even to non-football fans. She wouldn't tell me how she got it, just smirked and looked smug. She tossed her suitcase in the back seat and slid up against me. She smelled like sunshine..The hunter controlled the shaking of his hands, but he could not control his heart He allowed himself one moment of fierce anger. With his knife he thrust a long gash on the left side of the deerskin that hung by the door. Then he was gone..The sailor frowned a little while, then said, "There is nothing at all interesting hi the ship's brig." Detweiler left his room that afternoon for the first time since I'd been there. He went north on Las Palmas, dropped a large Manila envelope in the mailbox (the story he'd been working on, I guess), and bought groceries at the supermarket on Highland. Did that mean he wasn't planning to move? I had a sudden pang in my belly. What if he was staying because of his friendship with me? I felt more like a son of a bitch every minute..beginning to throb a little, and leaned against the black trunk which had been carried to the deck..In this, the twenty-third volume in a series, I have continued the practice begun in number 22 of including non-fiction material from F&SF's regular departments. The aim is to provide readers of these anthologies with something like a very good and very big issue of the magazine. Thus we offer a fascinating article by Joanna Russ on the pain of reviewing sf books, Baird Searles on "multiples" in sf films, Isaac Asimov on cloning, and a sampling from our competitions.. "Hey?" Jason grabbed Barry's hand and gave it an earnest squeeze. "Don't forget, if you do get your Permanent License?" "Don't worry, there's another over behind you." Now that they were looking for them, they quickly spied four of the creatures. Song took a sample bag from her pouch and held it open in front of the beast. It crawled halfway into the bag, then seemed to think something was wrong. It stopped, but Song nudged it in and picked it up. She peered at the underside and laughed in wonder.. "It's a big gate tonight Can you do it?"..part of this body as you are. Hamstring me and we'll just both be cripples." "I'm going to cut her out, Matthew," Amanda's voice said from above me. It was low but trembling, a breath away from hysteria. "She only comes to dance. I read once about a horse whose tendons were cut just a little, but he never was able to race again."..bids for components, plans for which he enclosed, from electronics manufacturers, for plastic casings..back his clothes?was trying to wake him up..his speech was faintly blurred. I'm sure he was in pain, but he tried to act as if nothing were wrong.. "It's a ... what's the word? Orrery. It's an orrery." He must have been pleased with what he saw, because he gave a long loud laugh that nearly blew them from the peak. Then he leapt a mile into the air, turned over three tunes, then swooped down upon.CENTRAL ARENA -."No! There's no other way. Oh, not people like us, maybe. Maybe we're seeing them right now, spinning like crazy." They all looked uneasily at the whirligigs. "But I think they're not here yet I think we're going to see, over the next few years, increasing complexity in these plants and animals as they build up a biome here and get ready for the builders. Think about it. When summer comes, the conditions will be very different. The atmosphere will be almost as dense as ours, with about the same partial pressure of oxygen. By then, thousands of years from now, these early forms will have vanished. These things are adapted for low pressure, no oxygen, scarce water. The later ones will be adapted to an environment much tike ours. And that's when we'll see the makers, when the stage is properly set." She sounded almost religious when she said it..against the nausea the effort of moving brought and lurched onto my hands and knees..where we can and adapt it to us where we can. For that, we're better oft than most of the colonists of the past, at least for the short term. We have a large supply of everything a colony needs: food, water, tools, raw materials, energy, brains, and women. Without these things, no colony has much of a chance. All we lack is a regular resupply from the home country, but a really good group of colonists can get along without that. What do you say? Are you all with me?". "I'm not taking over, though. You know that's just a paranoid fantasy. I use only enough time for.Crawford and Lang hung around as the scientists looked things over. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed.
